

Kneefix Base Plate KF15-00 & FF16-00

Feetfix Cushion
FF16-00

Kneefix Cushion
KF15-00

IMPACT Kneefix & feetfix system is the best solution for precise positioning of the patient's lower extremities. It promotes patient comfort without affecting the treatment target site. The appropriate height required for feet and knees are easily adjustable using elevation blocks. High reproducibility is achieved by indexing directly on any couch top using suitable indexing bars.

Salient features:

- ✓ Maximum radiolucent competence
- ✓ Proficient daily reproducibility
- ✓ Indexable on a variety of couch tops
- ✓ No hostile effects on skin
- ✓ Lightweight
