

## Pelvic Base Plate

### PP18-00

The IMPACT Pelvic Base Plate is engineered to provide consistent and reproducible pelvic positioning, maintaining accuracy throughout the entire treatment process. Its design supports optimal dose delivery by stabilizing the pelvic anatomy, thereby minimizing radiation exposure to surrounding healthy tissues.

#### Salient features:

- ✓ Maximum radiolucent competence
- ✓ Proficient daily reproducibility
- ✓ Indexable on a variety of couch tops
- ✓ No hostile effects on skin
